In order to be fair with all, we would ask that you limit your article to no longer than 260 words (1/2 column in the magazine). The longer your article the greater chance you have of having the article edited. If you have something extra special we would be glad to print it for you.

Pictures should be on glossy black and white paper. If you do hand write your article, I would ask that you would print it so that it will be easy to read and type. Thanks for your help.
